

QUALITYTECH MEDIA SERVICES · CONSULTING AND CONTENT CREATION

FOCUSED ON **CREATIVE** SERVICES

Unlike many streaming media service providers, QualityTech's capabilities are not simply limited to media capture and formatting. In conjunction with the full slate onsite video production services, we can assist you with full turnkey creation and/or formatting of materials for your project. We offer:

- Talent casting
- Script and visual materials creation
- Executive production services, live and pre-production
- Site consultation
- Full project assessment

During the initial planning stages of your events, QualityTech can also help tailor your existing content and consult on scheduling to help create a smooth and economical production process. Our comprehensive approach allows you to control your costs and resources, while still delivering your media in a timely fashion.
